MRS. EDWARD TRUITT
HIT BY AUTOMOBILE

Left Ankle is Badly Crushed and Broken.

Accident Takes Place Saturday Evening—Victim May be a Cripple For Life.

Mrs. Edward Truitt of Bennett street had her left ankle crushed and broken by being run down by an automobile driven by C. C. Brown of the Boulevard, about 8 o'clock Saturday evening. The accident occurred in front of the Hughs & Cleary store on North Main street. As a result of her injuries, Mrs. Truitt may be a cripple for life.

Mrs. Truitt was standing a short distance outside the curbing with her husband, talking to her sister, who was seated in a carriage. Brown was driving his automobile south and the machine struck Mrs. Truitt, throwing her back beneath the buggy near which she had been standing. She fell almost beneath the hoofs of the horse and narrowly escaped being trampled down. The automobile ran over her left foot and ankle.

The injured woman was carried into the Hughs & Cleary store and shortly afterward was taken to the General Emergency hospital. Sunday D. W. Howard's ambulance took her to her home on Bennett street.

Orchestra dance tomorrow night in Schwinger's hall. Gents 35c, ladies 10c.

CHRISTIAN
PERFECTION

Subject of a Powerful Sermon.

REV. MERCHANT S. BUSH

Occupies Pulpit at First Presbyterian Church.

Next Sunday Dr. George M. Rourke Will Talk on "The Power of the Press."

Rev. Merchant S. Bush, of Pittsburgh, Pennsylvania, who is visiting relatives in this city, filled the pulpit of the First Presbyterian church, Sunday evening and delivered an interesting discourse. A large congregation was in attendance. Rev. Mr. Bush took his text from Philippians 3:13 the subject being in regard to Christian perfection.

The text, Rev. Mr. Bush said, states the Christian ideal and its pursuit. It tells us that the Christian must separate himself from the world and must get a new vision of the world.

Everyone in life must have his ideal and some means for its attainment. A man's success in life depends greatly on what is his ideal. A doctor, for instance, may be practicing his profession merely to amass a fortune, while another doctor may have as his object a desire to make new discoveries, to find out the cause of various diseases and in that way to do a great good for humanity. The latter class has by far the greater mission in life.

Some Christians think that the greatest mission in life is to get into heaven. The real mission of the Christian, the speaker said, should be to do good on earth and thus prepare himself for the eternity. If Christianity does not make this life the best for all, then Christianity is a failure. Christianity must reach every walk in life and must be adaptable to all people.

The speaker said that Christian perfection must come by a gradual operation or development. Like other things created by God, we must develop. Rev. Mr. Bush said that Christians must forget as well as forgive. They must bury the past by getting something new in their heads and hearts. It is absolutely impossible to forget the house by brooding over it.

"No greater lie was ever told by Satan than when he leads us to believe that we can't get away from the past," said Rev. Mr. Bush.

Next Sunday evening, Rev. George M. Rourke, the First Presbyterian pastor, will speak on "The Power of the Press."

SEVENTH DAY ADVENTIST

A large audience gathered in the tent to hear Dr. H. M. Jump speak on "The Christian Sabbath or Lord's Day." In part he said: "We Adventists keep the Christian sabbath or Lord's Day for several reasons. First, in Hebrews 1:12 and Colossians 1:14-16 we read that Christ the Lord created the earth. It therefore must have been Christ who rested on the seventh day and sanctified it as His sabbath day. This act makes the seventh day the Christian sabbath. He says that He is 'Lord of the Sabbath.' Why? Because he made it and it is His day.

"There is not a text in the Bible that tells us that the first day is the Lord's day, but there are many, such as Isaiah 58:13, that declare that the seventh day, or the sabbath, is His day. Read Exodus 20:10 where the Lord in thunder tones from Sinai proclaimed that 'the seventh day is the sabbath of the Lord.' I cannot understand how anyone can dare to dispute him by saying that the first day is the sabbath of the Lord." After showing that the meeting of the disciples on the first day, after the resurrection could not have been held in honor of that event as Luke says in chapter 24:11 and 41 that they did not believe that He was risen and John in chapter 20:19 tells us that they were gathered together for fear of the Jews, the doctor gave considerable attention to Paul.

"There is no proof that Paul's meeting at Troas was a sabbath meeting. It does not say that it was, Paul declared in Acts 28:17 that he had 'never committed anything against the people or customs of the Jews.' Had he have ever kept or taught a sabbath other than the seventh day he would not have dared to utter these words for it would have been not only an offense against the Jewish people but against the most rigid custom the fathers ever had."

"Paul taught that the law is holy and the commandment holy, just and good and I believe that Paul practiced it, and so ought we. 'Blessed are they that do.'"

WORTHINGTON
DETERMINED

Will Fight C. D. & M. to a Finish.

VACATION OF FRANCHISE

Demand by Clinton Township Residents.

Worthington Citizens Restrained by Court from Tearing up the Tracks in the Village.

Taxpayers of Clinton township in Franklin county Saturday filed with the county commissioners a complaint that the Columbus, Delaware & Marion traction company is violating its franchise for the township, granted by the county commissioners, and asking that it be revoked and the company ousted from its right of way.

The petition is signed by C. C. Hollenback and J. H. Nold. At the next meeting of the commissioners, it will be placed before them by Clerk John Scott, and in all probability referred to prosecuting Attorney Karl T. Webber.

Among alleged illegal acts of the traction company are: That it has raised the cash fare between Clintonville and Columbus to 10 cents, one way, and 15 cents a round trip with tickets on sale only at the interurban station and none at Clintonville; that transfers are refused at the Summit street intersection, and cars not operated as city cars when they reach the tracks of the city line; that cars are run at a dangerous speed; that feed wires are devoid of insulation; that the trolley poles are defective and a blot on the landscape.

"We will fight the C. D. & M. to the bitter end," said one of the Worthington councilmen Sunday night.

He had been routed out of bed at 11:30 Saturday night by Night Jailor Charles Reese, armed with an order secured by Judge C. C. Williams from Judge E. B. Dillon, temporarily restraining council from tearing up the tracks in the village. In his petition, Judge Williams made the village, Mayor J. S. Wagner, and Councilmen John Hogan, Edward Wood, J. O. Jewett, E. J. Nelson and Edward Strittmatter defendants.

Continuing the councilman said: "We will go to court, and through our attorney, M. U. Ricketts, ask that the temporary restraining order be dissolved. If this is done I am not at liberty to tell the next step. Council has simply ordered the road to remove its tracks and poles from the village streets, and here we are restrained from tearing up the tracks ourselves. The whole village and the surrounding country is with us in this fight, and it will be to a finish."

The trouble between the road and the village started when the C. D. & M. raised the Columbus-Worthington fare, Aug. 31, to 15 cents one way, or a round trip for a quarter. Council then looked up the franchises, and on Sept. 10 ordered the road to vacate the streets.

BIG AIR-SHIP
COMING SURE

Contract With Aeronaut is Signed.

THREE FLIGHTS PLANNED

One to be Made Over Business Section of City.

With Favorable Weather the Coming County Fair Promises to be a Grand Success.

If there isn't an epidemic of "stiff-neck" in Marion county by the close of next week it won't be the fault of T. L. Fuhr, of Coshocton, the man who will manipulate the airship scheduled to make three ascensions during the fair. Mr. Fuhr will probably arrive here about Thursday and get his outfit in readiness for action. The contract for having Mr. Fuhr making the ascensions was closed at a meeting of the executive committee of the Marion County Agricultural society held Saturday afternoon. With weather conditions favorable, Mr. Fuhr will soar through the ozone Wednesday, Thursday and Friday of fair week, going up late in the afternoon of each day, this time of the day being generally the most propitious in the upper regions.

Mr. Fuhr has a dirigible airship which he claims is larger and better than that of Roy Knabenshue, the famous Toledo aeronaut. He says that he is able to go higher and farther and to stay in the air longer than Mr. Knabenshue. Unless accidents happen, Mr. Fuhr will navigate his machine so as to bring it down at the exact place from where he started. It is likely that the start will be made from the open place in the center of the race track.

It is probable that the first two days Mr. Fuhr will not travel far from the vicinity of the fairgrounds. On the third and last day, however, it is expected that he will make a trip over the business section of the city and then return to the grounds. This young aeronaut has been meeting with great success this year and has made some notable ascensions. He has gone up as high as 2,000 feet and at Zanesville last week traveled four miles from the city. The machine which he uses, while the property of the Coshocton Aerial Navigation company, is of his own invention.

While not being used, the airship will be enclosed in a canvass and shown for a nominal admission fee. Mr. Fuhr will be present to make all explanations desired.

Besides closing the contract with the airship men, the executive committee attended to other details concerning plans for the fair. Prospects for a big week are very bright. J. A. Knapp, secretary of the fair board, stated Monday morning that with weather conditions favorable, Marion county will get a fair equal to any ever held in the state.

All of the buildings have been cleaned and repaired and the entire grounds will look like new. The vegetable hall will be particularly attractive, and there will be held the corn contest, a new feature. Every exhibit, except in some lines of farm produce, will be much larger than ever.

The committee arranged to have the Waldo, Prospect and Steam Shovel bands play during the week.

Entry lists for the races will close at midnight, Saturday, and for the exhibits will close next Monday night.

Dancing class for beginners in Schwinger's hall tomorrow at 7 p. m. After dance, Orchestra music.
